What a Gym Owner can do

- **Dashboard** — KPIs (total/active members, collections, renewals, pending payments), revenue trend and plan-mix charts, recent members and receipts.
- **Members** — Add, edit and delete members; auto-generated receipt numbers; Excel import and export (plan permitting); membership status tracking (active, expiring, expired, pending).
- **Payments** — Record cash and online collections, partial payments, and track outstanding balances per member.
- **Receipts** — Generate digital receipts, print them, or download as PDF with your gym's logo, address and terms.
- **Reports** — Export member and revenue reports to Excel.
- **Settings** — Gym profile, owner profile, receipt template, notification preferences and password.
